

# Health System Collaboration: Medical Providers as Prevention Partners

MARCH 26TH

11:30 AM

1 General  
Social Work  
CEU

## Dr. Lori Frasier

Dr. Frasier is a professor pediatrics at Penn State Hershey children's Hospital. She is board certified by the American Board of Pediatrics in General Pediatrics and Child Abuse Pediatrics. Dr. Frasier participated in the development of the first certification for pediatricians in Child Abuse Pediatrics assisting in the development of the Subboard of Child Abuse Pediatrics for the American Board of Pediatrics.

## ABOUT THIS SESSION

Healthcare professionals are often the first line of defense in identifying vulnerable children. This session emphasizes the importance of integrating child welfare perspectives into pediatric care, home visiting programs, and maternal health. Participants will learn how to conduct sensitive screenings, develop multidisciplinary response teams, and navigate legal and ethical issues in information sharing between medical and social systems.

## LEARNING OBJECTIVES

- Strengthen provider capacity to detect and respond to risk factors.
- Embed prevention into pediatric visits and maternal health programs.
- Navigate HIPAA and information-sharing within ethical boundaries.
